Superb engineering has long been the hallmark of NAD products, and the T550 is no exception. Despite its compact size, this remarkable unit is loaded. As well as putting out 250W and 100W of stereo and surround output, it has a Dolby Digital decoder built into its package and can decode and play back DTS and inside a compact power unit. It also has a 24bit/96kHz DAC for superior CD playback.

Instructions included to play any Region
