If you're an entrepreneur and need funding for your startup or an investor looking to invest in an innovative startup project, Angel Investment Network can connect you. Angel Investment Network is an online platform connecting startup companies with angel investors. Every day entrepreneurs think of great business ideas, but until the AIN platform was built, these entrepreneurs struggled to get the funding their businesses needed to grow and succeed. Equally, investors had no way of finding the hottest startup ideas to invest in. The AIN platform easily connects the two: entrepreneurs use a simple form to submit a short, business proposal in order to attract investors; investors can browse through the proposals and contact the businesses which they're interested in funding. The platform has 500,000+ registered users from 80+ countries and has already generated over £200 million in startup funding for hundreds of companies around the world. "The team at Angel Investment Network were a pleasure to work with, extremely professional and everybody that we were introduced to said the same. They provided us with quality leads and we have a couple on board as first round investors." Chris Michael, CEO & Founder at Swytch (<http://swytch.com/>) "The whole team is geared towards making life easy for an entrepreneur...The quality of the investors was really high too. These are people you want to stay in touch with for a long time. I cannot recommend AIN highly enough." Siddarth Vijayakumar, Co-Founder at Grub Club (<http://grubclub.com/>) For more: <https://www.angelinvestmentnetwork.co.uk/> ;
