The Tekna is THE highest specification that Nissan offer with the Qashqai, that's one of the reasons we've just taken delivery of this one! You'll notice straight away the likes of, heated leather seats and cruise control to be just a few of the numerous features that give this Qashqai that little bit extra in terms of standing out from the crowd. Let's face it, there are absolutely loads of these on the market and at first glance you might not see much of a reason to make this one specifically your next car. BUT, we do try our best to be a little different and so with this and any of our cars you will always receive a 3 month NO QUIBBLE warranty, basically meaning that we will cover absolutely anything on the car for the first three months as well as giving you the option to buy a one, two or three year warranty! That's not to say you have anything to worry about though, this car has been serviced 6 times since registered brand new, the most recent of those was actually in our own workshop and so you needn't worry about that for another year! This is an absolute stunner, so be quick to avoid disappointment! Remember acar2go Aston Clinton where you Pay Less and Get More. Finance is available subject to status, Please call for a no obligation quote.
