The phone is brand new, unlocked, still in its box with screen plastic and all standard accessories (charger, earphones, USB adaptor and cable). The box was opened to the check contents, but the phone has never been turned on.

For your and my peace of mind, I have ran a full check the phone to ensure it is fine, and you can see the result of the report in the image. I am happy to give you the actual report when picking up the phone, and you always verify it yourself if you wish to do so.

Therefore, I won't accept any returns after purchase.

Cash on pickup, SW6.
