

Sofa and Recliner furniture set (475 GBP)

Location **East Midlands, Nottinghamshire**

Up for sale is a set of sofas and a recliner chair. I am selling on behalf of my partner as we now have a new sofa following a re-decoration, and now no longer require these.

The set includes one three-seater sofa, one two-seater sofa and one reclining chair.

The sofas were originally bought around 5 - 6 years ago from SCS at around £1200. They are of a dark brown fabric and the cushions have a 'waffle' effect. They are both in excellent condition.

The recliner was purchased separately from another company; as the brown coloured material on the arms and the recliner pad matched those of the sofas almost perfectly. This is also in good condition; and all of the mechanisms function as they should.

Due to the size of the items; they will need to be collected from the Arnold area of Nottingham upon conclusion of the sale.

Thanks for.
