Here at acar2go we have just taken delivery of this STUNNING Titanium spec Ford Focus. One of our best seller's here, the Ford Focus really does have everything going for it. There are many reasons why it is one of the best selling cars of all time and you can really see why when you get behind the wheel. You can really feel the build quality, the comfort and the interior space when you step inside one. Being the Titanium spec, this one in particular comes with Sony CD/MP3 compatibility, Driver information System and of course, the famous Ford Quickclear front windscreen, giving you one less problem on a chilly December morning. No need to look for that credit card to scrape the ice off with, at the touch of a button your front windscreen will de-ice itself right before your eyes.
