Honda VFR400 NC30, 1994 L reg, 29000 km, new MOT until May 2017, just been serviced, very good condition with the usual age related marks for a 22 year old machine, grey import. Recent chain and sprockets. Quill road legal race can and braided hoses. Bike is fitted with RVF400 fairings. I bought the bike off a friend with no service history, but since I have owned it from 2012 I have had it serviced regularly with receipts to prove this. I have had no issues with it at all and I am only selling it as I want a larger engined bike more suited to touring and commuting. Kept indoors since 2012 and dry use only since then. No signs of it ever been dropped or involved in a crash and everything is straight and as it should be. It has been to be viewed to appreciate this old classic which is due only to rise in value over time. Any inspection welcome. ;
