---

- up to 25 more midrange torque

Remapped carefully matches increases in turbo boost pressure with the remapped ignition timing and fuelling. It doesn't affect reliability or the life of the engine. We know – we have rich experience of enhancing the performance of turbo charged engines.

Remap Turbo-diesel cars

- up to 35, more torque and more power
- fuel economy improvements
- acceleration improved

Price is different from car to car, generally for small car price will be 120,. For ex: Peugeot., vw polo, etc

If you lost or damage your Ecu program or Software doesn't work or want to flash again ECU, I have large database with maps / software available for any car-model, best price .

All pictures are genuine from my work..,
