A true workhorse. Going cheap today. Nothing much to write about a 2004/12 years old van. Bodywork is in nice condition, no rusting or ugly dents. Small scratches and chips and a few small body dents. Starts and runs fine. Sometimes ignition becomes temperamental but 2/3rd attempt engine starts just like normal, maybe this is down to kill switch i installed recently to prevent theft because my van before this one was stolen. one new front tyre needed, it costs £30-40. Everything in this van works as it should and it pulls perfectly even when fully loaded. Engine is sound and everything is intact. Primarily used as removals and laundry business van. Taillift works as it should, taillift platform is uneven(see photo), hard pressed by a forklift, otherwise it lifts just fine. £2550 or Nearest
