This Beauford Mk III convertible wedding car was professionally built in 1992 to an exceptionally high standard by a main dealer using a 1982 donor car. During the build it was fitted with many new parts including the alternator, starter motor, Weber carb, radiator, fuel tank and coil.

I believe that the Mk III is still a current model.

It is distinguishable by the rolled edge effect to the wings and costs well in excess of £30000 to buy new. Bodywork finished in Cream & Burgundy with a convertible black hood and side screens. Recently re-upholstered in burgundy with cream trim and new carpet.

The near side front seat is fitted with a double slider system for easy access to the rear.

12 months MOT until September 2016, with all the previous mot's available. It will be sold with a new MOT if required.

The car is in very nice condition with a few used related marks and has been kept in a dry, warm, well ventilated garage.

It is fitted with a 2.0 litre Ford engine with a manual gearbox, I have extended the gear stick for ease of use and to make it look more authentic unlike many Beaufords that I have seen with automatic transmission levers.

It has been a very reliable car over the last 23 years of ownership, very easy to maintain (no ECUs, sensors, complicated electronics nor expensive components) and economical to run with low insurance costs.

A great investment and all ready for the wedding season.

The car achieves £150 (weekdays) to £300 (weekends) on wedding hire and has a realistic potential of
