

Lexus IS220d with Sat-Nav (4,500 GBP)

Location

South East, Buckinghamshire

<https://www.freeadsz.co.uk/x-389486-z>

I am selling my Lexus IS 220d 2.2TD (Edition: Multimedia) Metallic Windsor Blue with anthracite cloth trim. It's absolutely superb to drive. The car has been looked after very well and has been serviced regularly by Lexus dealer. It has recently had a New bosch S4 battery (4 Years warranty + Invoice) and NEW MOT (Expires 11th July 2017) with no advisories. The car comes with FULL SERVICE HISTORY. Last serviced on 25/11/15 by Lexus Leicester. All genuine Lexus parts: Recently Lexus fitted new Front & Rear discs, pads and calipers Brake fluid change Gear box fluid change Oil service ***** My car has had the new replacement Engine (modified version) fitted by LEXUS under their goodwill warranty. There are IS220d out on the market which have the old engine and the Head-Gasket can go at anytime. As a bonus and for peace of mind my car comes complete with Lexus extended warranty. This warranty is fully transferable to the new owner and you also get the breakdown cover from Lexus included!! ***** The vehicle had the brand new engine fitted by Lexus of Leicester in November 2013@ 90487 miles so the new engine has only done 10,213 aprox miles to date. The vehicle is being used on daily basis so the mileage will increase slightly currently showing just under 100,700. (ONLY 10,213 miles on new engine) The Engine, Gearbox, Clutch, Suspension, Egr, Dpf and all electrics are working great. All paperwork in place, V5 log book, Service History, Invoices, new MOT, old MOT history, etc... The car drives absolutely smoothly with no rattling noise. Clean interior and bodywork. The only thing that this car could do with is removing a very small ding on the bonnet - (Dent Devil can easily remove this for about £60-£75, personally not had time to do this, as it never bothered me). Obviously there are some very minor age related marks, like any other second hand car and otherwise very clean car. The car comes with: 2 Keys V5 log book Book pack with stamped service history Numerous Lexus invoices valued
