Here is my Honda nsr 125 2003. Currently 22,100 miles this bike has never let me down starts touch of a button. This is the most reliable 2 stroke I have ever owned. This bike has just had an all round paint job except the petrol tank. This is what lets the bike down sent and scratches to petrol tank and needs new front tyre. Feel free to contact me on 07497275093 074972750...(click to reveal full phone number) I am based in Colchester.;
