Corner sofa for sale. 7yrs old and still in great condition, but does not fit in our new house. It pulls apart into 4 modules, making it very easy to transport and fit through narrow corridors. There is slight sagging in the long lounge unit, and the base of one of the modules could do with re-nailing, but otherwise it is as new. The black corded fabric has not faded nor marked at all, and the stainless steel legs are not scratched. It is perfect for lounging couples, but it can seat 5 people if needed, and kids love bouncing around on it. The dimensions are:

Depth from wall - 145cms at longest point - lounge chair  
longest point - from lounge chair to far end of curved arm  
cost over £2,000 new from Bo.

Width - 305cms at  
Height - 63cm backrest & 40cm seat It
