

# Legionella Risk Assessment Solutions

Location **London, London**  
<https://www.freeadsz.co.uk/x-390363-z>

A Crystal H2O Legionella Risk Assessment is a simple cost effective solution to meeting your regulatory requirements as a landlord and estate agent responsible for lettings and/or management of domestic properties. We found Crystal H2O to be qualified, insured and uniformed. Very professional service and excellent staff. Costs for LRA are from £39.50. If you are a landlord or agent, its worth making a bulk booking to ensure the best price. A Crystal H2O Legionnaires risk assessment for domestic properties is usually at least 5 pages, detailing the exact regulatory information required ensuring you are compliant. Contact their UK call centre for area coverage (they probably have an assessor in your area as it seems they are fast becoming the 1st choice to many agents due to the professionalism, which other companies often lack). Call them on 0333 566 00 80 ;
