

Honda Cr-v 1997 Automatic (300 GBP)

Location

South West, Hampshire

<https://www.freeadsz.co.uk/x-391505-z>

Dark Blue good overall condition for age, odd scratches/minor dents typical for age. Has been an amazing reliable run around (thats Honda's for you!) Would make a great cheap run around, great for dogs/horses/carrying small loads etc. Only 2 previous owners. 207k miles Starts first time but needs new water pump, so can only be moved short distances. Suggest buyer tows/transported on truck to move. Before the water pump went it ran brilliantly, very reliable. Had pre-MOT check week before pump went and would've passed the MOT once red lens on rear fog lamp replaced/taped (a couple of quid to do) and one rear brake bulb replaced. MOT due 4th Aug. Selling as we have bought a new works van, so not planning to spend out on fixing the car too. Fixer or break for parts £300 or near
