A GPZ500 by another name- exactly the same. Derestricted, though I have the carb baffles if you want them. New sprockets and chain, new fork seals, new charge regulator, new plugs, all fluids changed. It is fitted with a Rickman Harrier fairing which works well with the flip screen and makes this a good light touring or commuting bike. The frame and suspension are straight. It has an adjustable Krauser carrier fitted. It has stainless downpipes and a Nexus can.

12 months M.O.T. The bike is SORN at the moment. It is not perfect- it's 28 years old. But it is a good buy at the price. ;
