MOT to Oct 2016 timing belt renewed last year. UPGRADES: Attractive hessian colour
 Climate control Cruise control Rear parking sensors Spare wheel
 Keyless door opening - 2 keycards Panoramic electric sliding glass roof All windows electric
 Tailgate glass opens in addition to main tailgate, ideal in packed car parks.

Sun blinds in rear door windows, isofix in rear seats

Electric adjustable and folding door mirrors, very handy in narrow roads.

Standard cd slot plus 6 cd changer Good radio

Engine is the highly rated 1.5 turbodiesel used by a number of other cars such as Nissan
 Quashquai. This a a very sweet engine with a very smooth power delivery.

Easy to use 6 speed gearbox which together with engine gives fuel average of 56 mpg This car has been
 used privately throughout and driven with great care over 64500 guaranteed miles - proved by MOTs and
 service records Bodywork in excellent condition as always parked away from other cars.

Rear seat (which has an armrest) folds down 2/3 and 1/3. The boot is very large and its carpet has been
 protected all its life. There are hidden floor compartments in front of front seats. The seats are particularly
 comfortable. There is exceptional leg room in back seat as body of car is based on the platform of the Gr
 and Scenic with longer wheelbase. There are heating outlets under the front seats for rear passengers.

There can't be another one in the country like it. ;
