Diabetic retinopathy is a chronic and potentially sight-threatening disease that damages the retina. One of the leading causes of blindness amongst people with diabetes, the disease needs prompt treatment. Mr Balasubramanian Ramasamy is one of the leading ophthalmologists in Merseyside adept in the treatment of diabetic retinopathy. A fellow of the Royal College of Ophthalmologists, Ram is well-versed with the nuances of the disease and its treatment. If you are experiencing blurred vision, dark areas in your vision, floaters or fluctuating vision, book an appointment with Ram right now. For appointments visit <https://rambala.doc4care>
