

# Hartke HA2000 bass amp head, valve and solid state (90 GBP)

Location **South East, East Sussex**  
<https://www.freeadsz.co.uk/x-394126-z>

Hartke HA2000 200W bass head with twin preamps, EQ, effects send and return and 2 outputs. Great controllable sound and plenty of welly!

- Separate inputs for passive and active basses
- One tube pre-amp and one solid-state, separately adjustable / mixable
- Switchable 10-band EQ
- Adjustable compression (can also be completely switched off)
- Effects send and return
- Low-pass / high-pass contour filters after the EQ
- 2 x outputs for 4 or 8 ohm speakers

It's a bit cosmetically battered but in full working order. Powered with a removable kettle lead - I have an extra-long one for it. If you want to hear it in action I'm happy to bring it to you, around the Brighton.
