Have you lost or damaged your locking wheel nut removal 'key'. We are a local mobile tyre service, who also specialise in removing all types of lock nut. We have specialist tools only available to the motor trade that can remove locknuts without damaging your wheels. Some main dealers and garages charge by the hour to remove these locknuts with some of my customers being quoted upto £400. We charge a £48 set fee to cover the tool cost, plus £12 per locknut removed. The tool is designed to remove up to 4 nuts, then it is worn out. Over the last 5 years I have removed over 300 locknuts, including MacGards, nuts with revolving rings, hardened nuts, Jaguar domed nuts, etc. For more info give us a call, mobile friendly No. 0333 444 5454 0333 444 54...(click to reveal full phone number) ;
