I'm now selling my beloved super quick little Smart ForTwo Brabus 1 ltr as I've now upgraded to the newer model so I'm looking for a quick sale hence taking £500 lower than the going rate.

This RARE 2009 Brabus Xclusive is in amazing condition and has been my pride and joy for the last two years.

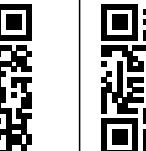

The car comes with full leather interior (very good condition), Steering Wheel paddle shift. Change between Manual & Automatic, CD changer, DAB radio, 17 inch alloys, Tinted windows front, side and rear, 4 Brand new Yokohama performance tyres, Air conditioning, Electric windows, Heated seats and is in tip top working order. There is a small blemish on the passengers side front wheel arch but this can hardly be seen (see image).

The car is HPI clear and in full working order. The car has just been serviced (12/07/2016) incl all previous services. It's MOT expires in November and Tax (only £95 per annum) runs out end of July.

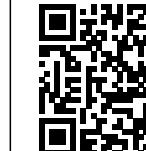

I will only sell to a good home but hurry because this will sell quick!!

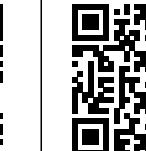

No time wasters, no returns. All questions
