Only 2 previous owners. Very low mileage!

The body is in very good condition for the age of the car. There is one scratch along the drivers door, which could be covered, I just never got around to it. No other dents or major marks.

The car was prone to leaking, so the sunroof has been sealed and no longer opens!

New rear breaks fitted in May.

MOT not due until April 2017, cheap insurance. Great for a little run around or for a first time driver.
