Coco Coco is a beautiful 14hh, 10 year old Dun mare. Very striking with her blaze and 4 white socks. This very special little mare has proven to be a total pleasure to own, been ridden by children from age 5 to 14 and adjusts to her riders capabilities. Coco has shown great promise as a dressage pony, working correctly in all 3 paces and enjoying learning new things, she can also turn her good to jumping both show jumps and cross country fences (xc with previous owners). She isn't the most stylish of jumpers but is honest and wants to please. Hacks out happily in company, needs a confident rider when hacking out alone as she can be forward going. Coco has been used in lessons both in the school and on the field as well as being used for ride and lead. Snaffle mouthed at all times. She loves attention and will stand all day to be brushed and fussed. Good to catch, box, clip and shoe (currently bare footed). This little mare is a pleasure to have around and is for sale due to no fault of her.
