I am Bradford based keen amateur photographer who aims to become professional. Even though I am not professional, I own decent equipment, and with the love of photography, I want to start working as a photographer. Therefore I can offer photography services at a fraction of the price that a professional photographer would charge. Of course that will also mean that the quality of my pictures might not be as high, creative, or as well processed. I am willing to learn, I charge cheap, but I cannot guarantee professional quality. To assess my knowledge please view my flickr account, and if you would like to hire me to do your wedding photography, please contact me and I will send you a link to my private wedding gallery. I am based in Bradford, but I am willing to travel across Yorkshire at no additional cost (Leeds, Halifax, Huddersfield, Wakefield, Harrogate, Shipley, Keighley, Bingley, Skipton, Baildon, Ilkley, Otley, Yeadon, Sowerby Bridge, Hebden Bridge)

I am working a non-photography full time job on weekdays, so I am available only on weekends and every second week in the afternoon. Both my packages include the following:

- *processing and editing of images
- *DVD/memory stick with high resolution images
- *DVD with slideshow of your edited images set to suitable music
