Lou Lou is a 15.2 8 year old Irish horse who I recently purchased however is proving too much for me. She has got lovely movement and large scopey jump however has got into a hAbbit of rearing. I'm selling her from field. She has a great attitude on the ground hence why I believe she would make a great brood mare or companion or if someone that didn't mind napiness could potentially go far! Hasn't done an awful lot since coming over from Ireland a few years ago and simply isn't the horse for me! Open to offers!;
