Here is a 2002 Vauxhall Corsa Life 1.0 it's in very good condition and has been well looked after. It also has alloy wheels and reversing parking sensors As you can see it's got the blue interior which makes it stand out from the rest and had been owned for the past 3 years by a non smoker. There is a small burn hole in passenger seat which was there when it was brought by previous owner but u can see that in the pictures .

Just 3 weeks ago had new breaks done but no receipt for that as I paid cash and it has full service history last services in September 2015.

The MOT runs out in the 26/8/16 There is no radio in car as son is keeping the radio Only selling as my son has now brought a bigger car. Ideal first car low
