

Ford Transit Converted Campervan Ready To Go Everything included for van life, gre

Location **London, London**

<https://www.freeadsz.co.uk/x-405004-z>

We have just travelled around half of Europe in this legend of a van for 4 months and are selling as our travels are continuing in another part of the world.

This is why the camper comes literally ready to go!

We can't take anything with us... so you shouldn't need to buy anything.

THE VAN:

Ford Transit - converted into a Campervan (by the previous owner)

2005 - important for driving in low emission cities (which Europe has lots of)

Diesel - more miles in a tank

Manual - first gear can be sticky but never a problem

RHD - actually super easy to RHD on the right side of Europe roads

Short wheel base - fits in a normal car park. Hugely important in cities

2.4m - great because you can stand in the van so much more liveable

3500kg - max weight before toll prices start sky rocketing on most freeways and some roads in cities

3500kg is the max limit to drive on them.

Panel Van - no blinding light coming in from all angles

MOT until April 2017 with no advisories

Central locking - comes with two sets of keys

THE INTERIOR:

3 Seater

Portable kitchen

Stove, sink, water tank, 2 x 12v battery with 2 x 12v charging ports in the back

Stove, covered cooking area, 12v battery

12v battery + 12v battery

Small sink

Portable chemical toilet (trust us, you will need it, it was a good one)

Permanent double bed - no setting up daily

Pull out table + seating in the back

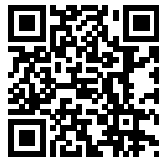

Van can actually sleep 3 people using both seats and another cushion

Closet with pull out shelves

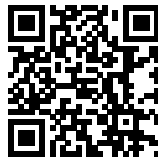

Ample storage in the back
