

If you find DATA CRUNCHING/FIGURE CRUNCHING, SPREAD SHEET WORK tedious, time-consuming or complicated, let us take this headache on for you.

For example: most businesses need to import or download Excel or CSV files from their software (e.g. database/accounts software) or Internet banking/Paypal etc. Nearly always you need to modify the files so that they will be fit for your purposes such as SALES ANALYSIS, ACCOUNTS PREPARATIONS, REPORTS FOR DIRECTORS or HMRC etc. The trouble is that it is often very time consuming. In many cases it takes hours, days or even weeks for you or your staff to do data crunching or figure crunching spreadsheet work where thousands of entries are involved, but we can do this work for you very quickly using our special formulas and visual basic programming. You can save your precious time and money and concentrate on running your business instead.

We also offer simplified Excel book-keeping including profit & loss account and balance sheet.

Any other spreadsheet work welcome.

Qualified in AAT (Accounting Technicians) and Visual Basic programming.

Over 20 years' experience as a Finance Manager and also helping with spreadsheet work for many different types of business such as Natural Cosmetic Manufacturer, English Language School, Hotel,

Superfood Supplier etc
