Lexmoto Adrenaline 125cc Supermoto. Excellent 65 reg bike in "as new" condition with only 974miles (1568km) on the clock. Upgrades include carbon fibre end-can (£250 cost), re-jetted carb & upgraded 14 tooth front sprocket for better acceleration/performance (£100 cost). With Full service history (last one in May 2016). This bike is under 1 years old, and will not need an MOT until late 2018. I have the V5 in my name and it comes with 2 keys. The Adrenaline is powered by a GS125 engine. The 4 stroke power plant provides plenty of torque to put a smile on your face and the reliability to keep it there! Comes with fully adjustable front & rear suspension (upside down forks which are awesome), and LED indicators, Lithium Ion Battery, upgraded (flexible) plastics, double walled rims for improved durability, stainless steel downpipe (and nuts & bolts) that prevent it from rusting. I bough the Adrenaline to get back into biking after a few years away, and have to say its a fantastic bike, and cant recommend it highly.
