I have 4 absolutely stunning Kittens. Dad is my maine coone and mum is my silver bengal x. This was an accidental litter as I don't generally cross breed but It had amazing results !! There are 2 very similar tabby females with amazing markings and a liver nose like dad and the other tabby female is very unusual with streaks and the odd small patch of ginger on her. There is Just 1 male and he is a beautiful ginger marked with cream tabby. The kittens were raised in a family environment with cats of different breeds, A hyper puppy and an even more excitable child. They are fully litter trained and have been since they were 4 weeks old. They are weaned on both wet and dry food and were vet checked at 6 weeks with flea and worm treatment given.. The kittens will be ready to leave on friday 12th august at 8 weeks old. Prices are tabby girls £180 each, tabby & ginger girl £200 and ginger Male £220. Good homes only need apply, especially homes that have experience or have researched getting a pedigree breed. I am quite happy to answer any questions you may have. Feel free to text or email I will answer
