Do you know your skin type and it's specific needs? Are you using the right products to keep your skin healthy, feeling good and looking great? Why not come along to one of my fun ARTISTRY brand experiences for some drinks and nibbles, and find out! I will have lots of products for you to sample, some insightful quick quizzes to find out your skin type/needs and your skincare personality. I will also have a Skin Analyser Magnifier Machine available to provide a free skin analysis for all my guests. At the end of the experience, you will know your skin type and it's specific requirements, as well as being armed with helpful skincare advice and tips to assist you in looking and feeling your best. I hold an ARTISTRY Brand Experience on the following dates, so if you can't make this one, then I'm sure you can find a date that suites you.
