

Need A Dental Check-Up Keep Your Smile Healthy

Location

South East, Surrey<https://www.freeadsz.co.uk/x-407734-z>

At Indigo Little preventative dental care is at the heart of all treatment. We generally recommend our patients come in for their routine dental check-up every six months. Regular examinations allows us to catch any problems as soon as possible and help you maintain a healthy smile that can last a lifetime.

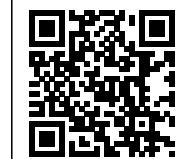

Dental Check-up Frequency - For all lengthy or complex treatment, Dr. Little writes to you with the personalised treatment plan letter to follow up if you have any questions. All your dental records will be maintained throughout your six monthly check-ups so that we can monitor your dental health and be able to advise you best on how to maintain it. In the long term, this lowers the chance of needing restorative work in the future.
