Created for photojournalists and news photographers, the Stealth Reporter D300 AW is designed to withstand the elements while providing quick access to lenses and digital accessories. Although the Stealth Reporter D300 AW was designed to be light weight, it's still heavy on features and durability. Durable ballistic nylons, high density closed cell foams, deluxe shoulder strap, metal hardware and an All Weather Cover ensure that this is one tough bag. After all, the last thing you need to worry about is your camera.
