

Visible Dust Sensor Clean (14.50 GBP)

Location

South East, East Sussex

<https://www.freeadsz.co.uk/x-408050-z>

Sensor Clean™ has many characteristics that make it an excellent choice for cleaning your sensor. While it is best used on water based stains and light dust contamination, it also provides excellent dust repellent properties and anti-fogging capabilities. Sensor Clean™ works best with VisibleDust MXD-100 Green Series Swabs. All of VD solutions are safe on ITO and non ITO coated sensors. VisibleDust liquid cleaners (Sensor Clean, VDust Plus and Smear Away) when used with VisibleDust Sensor Cleaning swabs are safe and effective on ALL DSLRs including: Newer Canon DSLRs, such as the 400D, 40D, 1D MKIII, and 1Ds MKIII, Newer Nikon D300 and D3 and Alpha Sony
