WOW...You really have just got to come and see this car, normally we pay a premium for this colour combination and you would understand why when you view it, just being an A3 S Line convertible is enough to turn heads, but when it's finished in Audi's deep metallic satin, with grey Alcantara leather interior, and the award winning 14 spoke alloys, expect whiplash... This is a ONE LADY owner car, and how well looked after this car has been cared for. One other feature that catches the eye when the fully electric roof is opened is the beautifully designed chrome rear head supporters, no wonder this design helped make the A3 CONVERTIBLE car of the year on launch. It gets even better one can achieve a staggering 64 miles per gallon on extra urban driving obviously assisted by having a 6 speed gearbox. Now add to this other features such as heated front seats, heated mirrors, rear parking sensors, dual climate control, now hopefully you will be getting the full picture, but not even my words can make you fully understand how special in the flesh this car looks, come and see.
