DINKY SUPER TOY  
 VEGA MAJOR LUXURY COACH 952

This Listing is for model 952 DINKY "Vega Major Luxury Coach"  
 Finished in cream with maroon side panels. It has a grey base plate. Light blue interior with metal bumpers, crystal lights and rubber tyres with an opening boot. The indicator lights are working although you have to press down quite hard, This was how they were originally and seems to be common with this model.

The coach is in excellent condition though has some slight scratches mainly on front and back. It comes in the original box which has a tear on one corner side. ( I have uploaded a photo clearly showing this)

It also comes with the battery instructions. Any sensible offer considered

I am not a dealer and this comes from my own collection from a child.

I would be happy to answer any queries that you may.
