MOT till April 2017, electric windows, automatic; This car drives fantastic. Recently i have changed the oil and the filters. Last owner told me he had changed the cambelt and water pump at 101000 miles. I am selling it, because i need to go back to my country, otherwise i am sure it will serve me a long time. The engine managment light is on, because i changed a waterhose that was leaking and didn't want to spend 35£ for a computer to turn it off. Drives perfect. Back right tyre is worn, but you can get one, second hand very cheap or just replace it with my spare one in the boot., 5+ owners, SILVER, £
