Possibly the "Best 1st Big Bike" you can buy So easy to have fun onâ€lquickly. Perfect for the new rider. Light and nimble handling. Enough power to be serious but that legendary V Twin engine delivers it in a building stream of excitement than in huge slabs of terror! A gem of a motor. Riding position fits.(There's an even lower seat option!). We use SFV650 in our training school to equal acclaim from instructors & pupils alike. Can't say fairerâ€! Excellent riding experience. Totally.
