Vauxhall Vectra 1.9 Diesel SRI - 6 speed

Engine is really strong no knocks or noises with only 105000 miles.
 Gearbox strong and plenty of life left on the clutch.

All the necessary services and work carried out (service history receipts for over £2000 worth of work). All the common problems these vehicles have has been fixed, i.e water pump, EGR valve, belts ETC

Perfect example of a well looked after car, drives fantastic.
 Bodywork and interior are in really good condition.
 The seats are in great condition and haven't got the usual rips vauxhalls get.

Serviced 6000 miles ago with new discs and pads all round and a new battery (Plenty of other service history and pics on request).

Sadly the car had a rear end bump which resulted in it being CAT C. Although the damage was purely cosmetic and insurance company were happy for the car to be still driven i have had the damage repaired. I have pictures of the damage before the repair if you would like to see.

Please dont let this put you off as the car is a great example and drives beautiful.

7 months MOT left, which it passed with NO advisories.
