I paid £59.99 for this and can transfer it to your name and details. This is valid until 24/08/2016. You can check their site for full details but it covers things such as free repair, support, product replacement within 14 days, healthchecks and more. Click link above for specifications & see photos. Like new, purchased around 9 months ago as replacement for another laptop that started working soon after. Only used about 3 times. Has WINDOWS 10 which now costs £99,99 on Microsoft website. I've also deleted and stopped all background data & apps that are not being used that were pre-installed so the laptop is much faster than when purchased. Nice laptop for general use. ;
