Due to change in circumstances - 16hh palomino Quarter Horse gelding is up for part time loan due to time restraints. Yard based in Kings Norton, Birmingham. He is a very gentle, kind horse who is completely bomb proof. He is good to load, great in traffic, low key comps and a happy hacker. I have competed with him in the past and he is trained in Western as well as English. Does suffer from COPD which is monitored regularly and controlled. A confidence giver, lovely horse who needs some attention and time given to him which my job changes unfortunately do not provide. Would require some financial contribution - no yard duties and I would be offering a riding only loan at £100 a month towards livery and.
