

note that the freezer has missing one middle shelf however two full length shelves located inside the door and small holes in outer thin for easy access. Second door will open to store items and help with hanging only the thin door for extra. This is very good for children who will enjoy by opening the door on the timer. The best thing makes the music in the freezer and it is good to draw attention to it to remind you to close it. Call 07712 48364 or 0161 2312422 (click on full phone number) for any question. Cash on collection from m14 Manchester. ;
