The Faired Bandit 650, probably one of the best "all-rounders" in it's class. All the features of the naked but gains the more efficient half fairing. Perfect for those longer commutes or weekends away. Comfy riding position, ABS Brakes, it's a top bike and mating it to the 650 motor makes it a great buy too. Buy with confidenceâ€"supplied with a full Pre-Delivery inspection & 6 months warranty too. A great bike, for not a great deal of money.!
