Trailer tent for sale comes with double size awning, front storage box and loading bars if wanted. I bought and never used it. There were a few minor bits that required attention such as springs in some poles, couple of elastics on the sleeping pods need replacing. The canvas overall looked in very good condition as did the cooker, bed mattresses, tyres all look good. Light cluster will need replacing at some point. Front storage box is tired but use able and trailer cover patched in places but sound. Has been kept under car port but now just need the space. We towed other for 3hrs on the motorway with no problems at all. Obviously it is trailer tent that needs a bit of work, but really shouldn't cost much and with its good canvas it has many years in it yet. I do have loading bars for it if required. ;
