The Classic Saker 6-speed folding bike is a versatile bicycle ideal for commuters or for those with limited storage space. Featuring an easy-action folding mechanism, the Classic Saker bicycle is perfect for transporting in the boot of a car or carrying up and down stairs. The folding feature is ideal when cycling to and from work as it can be carried with you into your workplace and locked away safely indoors. The bike also benefits from a lightweight frame, 6-speed Shimano gearing with rotational shifter and 20" alloy rim wheels with quick rolling urban tyres, so it rides just like any other road bike. Finished in black, the bike has a full mudguard set, a rear carrier rack, reflectors, a cycle bell and an enclosed chain guard to help keep your clothing clean.
