These bikes are a fantastic starting point for new bikers, which is why we used them in our on site training school. With that in mind this bike hasn't had a hard life as it has breezed through Huddersfield, Wakefield and Halifax with many of our students passing their BIG BIKE tests. These are a very reliable machine as you would expect from the guys at Suzuki, and are available in some lovely colour schemes. This one is finished in a stunning black, & silver with a grey frame making this really stand out if your a lover of dark bikes! This particular bike is A2 licence friendly as it has been restricted to comply with the 35kw power output so why not get a great set of wheels and treat yourself for only £2695. REF:7N75. 645cc 2 Cylinder V-twin, Fuel Injection, Double Overhead Cam, Liquid Cooled, 6 Speed, Chain Driven, 290mm Double sided brake disk, 202kg Dry Weight, 78cm Seat Height, Electric.
