**Yorkshire and the Humber, West Yorkshire**

These bikes are a fantastic starting point for new bikers, which is why we used them in our on site training school. With that in mind this bike hasn't had a hard life as it has breezed through Huddersfield, Wakefield and Halifax with many of our students passing their BIG BIKE tests. These are a very reliable machine as you would expect from the guys at Suzuki, and are available in some lovely colour schemes. This one is finished in a stunning white & black with chequered flag detailing, and also benefits from R & G crash bungs so if the worst should happen your as protected as possible. Experienced riders shouldn't be put off, we have seen these bike embarrass big super sport bikes at the track! They also make a fantastic commuter! Whatever your ideal use for this machine you won't go far wrong at only £2695. REF:FP75. 645cc 2 Cylinder V-twin, Fuel Injection, Double Overhead Cam, Liquid Cooled, 6 Speed, Chain Driven, 290mm Double sided brake disk, 202kg Dry Weight, 78cm Seat Height, Electric.
