

To all my gorgeous ladies out there;I am a creative hairdresser who has a good eye for the appropriate style and colour for my clients. I pursued my career in hairdressing, with one of the most renowned salons in South London.

I am a real people's person and enjoy beautifying my clients.

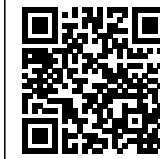

More importantly, I aim to help my clients manage their hair and stimulate hair growth with great advice on treatment and suitable products. I specialise in vixen sew - in, braids, box braids, kinky /Marley or Havanna twists, crochet braids, vixen crochet, weaves, customised wigs, locks, bob cuts, hair removal, trimming and hair treatment (inclusive of both natural and relaxed hair). I also deal with twisting natural hair and styling it up.

(Most people believe natural hair is limited to styling,which isn't the case).
