Top bike in class bar none we reckon. How good? Speak to our instructors. Weâ€™ve used V Stroms for ages but this latest model is the best ever. Comfortable, quick, nimble and great MPG. Seriously. We get 65 to 70mpg, day in & day out. Great fun to ride. And you can make your V Strom your own. Thereâ€™S loads of accessories available: Now with ABS brakes as std, the V Strom really is every bike to every rider. Ask for a demo. Weâ€™ve always got.
