Comfort Lining Thermoplastic Denture Adhesive EX Meet the new product that everyone had been talking about. Comfort Lining taking the place of the discontinued product called Cushion Grip thermoplastic denture adhesive. Our thermoplastic denture adhesive replaces that paste denture adhesive that you currently use. A thermoplastic denture adhesive that will last up to one week with just one application! No more applying paste denture adhesives every time that you want to eat your favorite foods. Comfort Lining thermoplastic adhesive for dentures will not come off the dentures while drinking hot tea or coffee, you can enjoy a bowl of soup without denture adhesive sliding off. No more slimy residue left over on your tongue or in your mouth. With a thermoplastic denture adhesive bacteria is kept down in the mouth as the thermoplastic secures and acts as a cushion area in between your gums and the dentures. If your having pain from sore gums and can't even wear your dentures, our thermoplastic denture adhesive will cushion the gum area blocking that hard denture from rubbing against your gums.
